ZOE BROWN POURING PERFUME IN THE CHILTERN HILLS

Thursday 9th November between 6-8pm at Rich Perfumerie,
12 Market Square, Amersham, Buckinghamshire HP7 0DQ

Launching at Rich Perfumerie in Old Amersham including top notes of Grapefruit, May Chang and Mandarin, is a fresh vibrant new perfume created by local perfumer Zoe Brown.

Proprietor of Rich Perfumerie, Mark McCormack said "at Rich Perfumerie we are constantly looking far and wide for niche, rare and hard to find fragrances, and I am delighted to have found this new vibrant energising perfume, which is being handmade here in the Chiltern Hills by Buckinghamshire perfumer, Zoe Brown."

Deborah Skillicorn, Founder of Zoe Brown Perfume said "My desire to learn about perfumery was first sparked as a young woman in Grasse and, more recently, whilst researching a novel about a perfumer. Skillicorn continued "Having acted on the inspiration to create the Zoe Brown signature scent, and now seeing it on the shelves at Rich Perfumerie is taking a dream and making it a reality!"

The perfume, named Mandarin, Grapefruit and Amber, includes the energising and uplifting benefits of grapefruit essential oil in its top note, and has been designed to dazzle and rejuvenate with a fresh citrus sonata, followed by the enriching heart notes of May Chang and White Musk, before drying down to a warm and steady base note of Tonka Bean and Amber Base.
